

# Let's Get Acquainted

By Ruby M. Compton

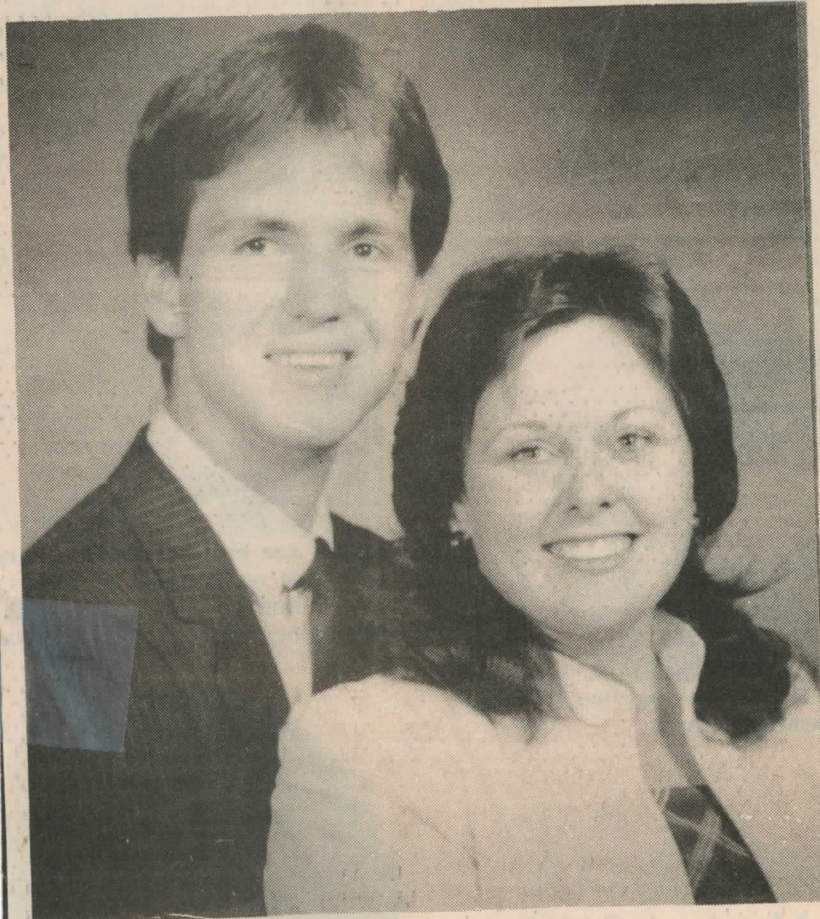

*Wave 18 Oct 1984*

Kathleen Mae Conn Ellison was born Sept. 17, 1954, in Rensslear, Indiana, and raised in Highland, Ind. Kathleen is the third of five children born to Robert L. and Patricia Elaine Tasted Conn. Her father owns and operates his own barber shop and her mother has been content to make a nice home for her family. They lived about 1½ hours southeast of Chicago, so they were in a populous area, not far inland from Lake Michigan. Their family is close-knit and happy.

Kathleen attended Johnston Elementary; Highland Jr. and Senior High Schools. While in senior high, she joined the LDS

Church, at the age of 16. She had made friends with an LDS family who lived in their neighborhood, and she liked the way they lived and the things offered for the young folks by the church; the youth program was great. Her own folks were very good basic Christians with no affiliation to any church. She wanted to be a part of the supervised activity with folks her own age and she believed in the teachings. Eventually she got her parent's permission and was baptized.

After graduating from Highland High School in 1972, Kathleen attended one year at the Indiana State University

Scot and Kathleen Ellison

before moving to Utah in 1975. She lived in Provo for one and one half years and worked at the American Fork Training School, then at Geneva Steel for another six months and saved her money to go on a mission, where she served in the Canada-Vancouver Mission. She returned to her

parent's home  
her mission  
1978.

In January  
returned to  
while before  
and received  
nical Recreat  
worked at the  
Center as a  
one half year  
license as a S  
the Ut. Val

While she wa  
she went to U  
in Provo and r  
as Practical N  
While living  
leen met Sco  
and they bec  
before he left  
Spain-Madrid.

With the installation of a new administrator and a new director of nursing, there have been several changes for the better at the Heber Valley Care Center; new curtains for every window, and the purchasing of cement for the new patio at the north end of the building, made possible by a gift of \$400.00 by Dan Hicken, brother of Orson Hicken. This patio will be in connection with the small public park they hope to complete soon. However, since this park is to be used jointly by patients and public, any donations of time, trees or other contributions would be welcome. Volunteers to help lay sod when the time comes would also be welcome - call Heber Valley Care Center at 654-0521.

Kathleen said that she expects to be in Heber Valley for at least two years, and wherever she lives she hopes to be with Care Enterprises as she likes their way of conducting their care centers. She hopes to pursue her R.N. degree.

Scot and Kathleen enjoy their work in the LDS Church and she is happy that her mother, sisters, sister-in-law and children have been converted into the church and are happy in their choice. We wish this fine young couple much happiness in their home and work.

on March 30, 1984 and they were married in the Salt Lake LDS Temple on June 30, 1984. Scot was from West Los Angeles, a son of Wallace and Elaine Robertson Ellison.

On July 16, Kathleen Ellison started working at the Heber Valley Care Center as Director of Nursing. She works three days on the floor and the other two days doing office work and scheduling.

She and Scot moved to Heber on August 1, 1984, and rented the apartment in the basement of the building where Dr. Danley has his dental office. Scot attends the BYU three days a week pursuing his Bachelor of Science degree in physics. Kathleen intends to pursue her degree of Registered Nurse--she said she loves her work as a nurse. While on her mission, she worked with the deaf and hearing impaired and learned some of the sign language.

Her hobbies are reading, camping, driving in the mountains, and she has learned to love sewing and cooking.

She, Scot and friends like to play "Mormon Bridge," played with Rook cards.

parent's home in Indiana after her mission was completed in 1978.

In January of 1979, she returned to Provo and worked a while before attending the BYU and received her T.R.T. (Technical Recreational Therapy.) She worked at the Utah Valley Care Center as a T.R.T. for one and one half years and received her license as a Social Service Aid at the Ut. Valley Care Center, which was then owned by Care Enterprises, the company which owns the Heber Valley facility. While she was doing all of this, she went to Utah Tech. College in Provo and received her degree as Practical Nurse.

While living in Provo, Kathleen met Scot Matthew Ellison and they became good friends before he left for his mission in Spain-Madrid. He came home
